FOREWARN®

COMMUNITY ALERTS:
Agents helping agents assess risk

With nearly half a million agents using FOREWARN, Community Alerts brings the power of that community into your phone searches—allowing agents to flag phone numbers associated with concerning interactions in real time.

HOW IT WORKS

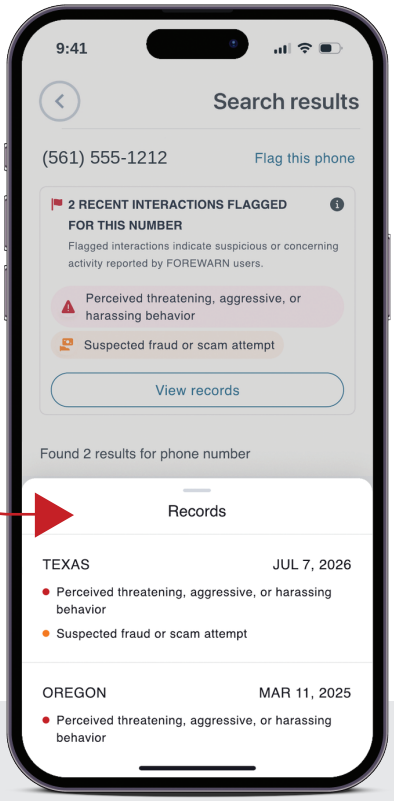

Flag a phone number that gave you pause

Search the number in FOREWARN and flag safety and fraud-related concerns.

See what other agents flagged, when, and where

View community flags in your phone search results, including the date and U.S. state of the reported interaction—even when no individual is linked to the number.

Manage your flags with ease.

Add, edit, delete, or view your submitted flags.

Your experience can help another agent.

By sharing a concern, you can help fellow agents approach interactions with greater awareness and support a safer real estate community.
