

Monthly Indicators

April 2025

U.S. existing-home sales decreased 5.9% month-over-month and 2.4% year-over-year to a seasonally adjusted annual rate of 4.02 million units, according to the National Association of REALTORS® (NAR), as affordability challenges and economic uncertainty weigh on market activity. Sales were down month-over-month in all four regions, with the West experiencing the largest decline, at 9.4%.

New Listings increased 19.3 percent for Single Family Residence homes and 2.3 percent for Condominium homes. Pending Sales decreased 21.2 percent for Single Family Residence homes and 46.8 percent for Condominium homes. Inventory increased 64.8 percent for Single Family Residence homes and 57.5 percent for Condominium homes.

Median Sales Price increased 1.5 percent to \$459,950 for Single Family Residence homes but decreased 3.4 percent to \$312,500 for Condominium homes. Days on Market decreased 14.7 percent for Single Family Residence homes and 29.7 percent for Condominium homes. Months Supply of Inventory increased 86.7 percent for Single Family Residence homes and 70.0 percent for Condominium homes.

Total housing inventory increased 8.1% month-over-month for a total of 1.33 million units heading into April, equivalent to a 4.0-month supply at the current sales pace, according to NAR. Although inventory is up nearly 20% from the same time last year, the additional supply has had little effect on home prices across much of the country, with the national median existing-home price climbing 2.7% year-over-year to \$403,700 as of last measure.

Monthly Indicators

April 2025

U.S. existing-home sales decreased 5.9% month-over-month and 2.4% year-over-year to a seasonally adjusted annual rate of 4.02 million units, according to the National Association of REALTORS® (NAR), as affordability challenges and economic uncertainty weigh on market activity. Sales were down month-over-month in all four regions, with the West experiencing the largest decline, at 9.4%.

New Listings decreased 19.7 percent for Single Family Residence homes and 15.1 percent for Condominium homes. Pending Sales decreased 31.6 percent for Single Family Residence homes and 32.8 percent for Condominium homes. Inventory decreased 11.4 percent for Single Family Residence homes but remained flat for Condominium homes.

Median Sales Price decreased 6.5 percent to \$238,550 for Single Family Residence homes but increased 9.8 percent to \$280,000 for Condominium homes. Days on Market increased 40.9 percent for Single Family Residence homes but decreased 31.8 percent for Condominium homes. Months Supply of Inventory decreased 50.0 percent for Single Family Residence homes and 40.0 percent for Condominium homes.

Total housing inventory increased 8.1% month-over-month for a total of 1.33 million units heading into April, equivalent to a 4.0-month supply at the current sales pace, according to NAR. Although inventory is up nearly 20% from the same time last year, the additional supply has had little effect on home prices across much of the country, with the national median existing-home price climbing 2.7% year-over-year to \$403,700 as of last measure.

Historical Percent of List Price Received by Month

Housing Affordability Index

This index measures housing affordability for the region. For example, an index of 120 means the median household income is 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. A higher number means greater affordability.

April

Year to Date

Affordability Index	Single Family Residence	Year-Over-Year Change	Condominium	Year-Over-Year Change
May-2024	128	+ 16.4%	131	- 17.1%
