

## PSI Updates as of June 3, 2020

As of June 3, 2020 PSI resumed testing. Applicants whose eligibility expired while the testing sites were closed due to the emergency, between **March 13, 2020 through June 2, 2020**, will have their eligibility **extended until October 3, 2020**. Additionally, due to a surge in testing demand and limited seating, applications in the system prior to June 3, 2020 will have their eligibility extended by four months to assure they have their full years' worth of eligibility. Applications moving forward (beginning June 4, 2020), will go back to the original eligibility process, which gives the applicant one year to take and pass their licensure examination.

Applicants should contact PSI to schedule their examination by going to <https://candidate.psiexams.com/index.jsp> or by calling 1-800-733-9267.

Thank you,
